NEW/ PREVIOUSLY OWNED/DEMO SNOWMOBILES

Colley's offers full service year round, has experienced salespeople, certified factory-trained technicians and a friendly helpful staff. Colley's does not just sell you a sled in the crate. Our pricing is very competitive, but best of all you get what you need to ride and have the best snowmobile experience you deserve, without the headaches, sales hocus-pocus, and hidden charges/fees.

All Colley's prices include freight/ set-up and prep charges (up to \$450 some places add). That means the price we quote is the price you pay. It's not added to the price after all is said and done. Also, a Colley's Skidoo comes with spare, belt, spare plugs and spare tether (NO they are not in the crate and another \$200 value). This way you can pick up your sled and ride worry free without going back to the wallet! Not only is your sled prepped, detailed and ready to go, you will also receive a thorough walk-through upon delivery of the unit. We will spend the time to show you the basics, and also answer any questions you may have. Colley's also includes the mandatory (but not paid by SKIDOO) 10HR check. It is required to validate the balance of the warranty coverage and needed to check the sled after break in (another great value -up to \$100). Colley's also includes a 10% loyal customer discount card that can be used on any clothing / accessories (even pool & spa) in the store (certain limitations apply).

Colley's also does full Preseason services on all makes and models of snowmobiles. Ask about our preseason specials and don't be left out in the cold with a dead sled!

So come by Colley's Pools & Skidoo for a great sled, great service, great price and great experience!
